

ClearFox®
By Breizho®

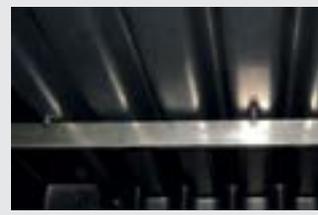

Range ClearFox® By Breizho®

4PE, 6PE, 8PE, 15PE

ClearFox® By Breizho® is an innovative system that operates without electricity, easy to install and use and requires no special maintenance. If used properly, the filter is guaranteed for life without any changes. Its main features are its extremely stable operation (under load, overload) and the considerable cost reduction in long terms can be explained by the lack of technical parts and the cost of disposal and low maintenance.

- Reliable and robust
- Made in Germany 
- Tanks warranty 15 years

- Ease of transport
- Handling and installation: Lightness, simplicity, speed
- Small footprint
- Low visual impact
- Quality and strenght of tanks, installing in the presence of ground water approved
- Less maintenance
- No electricity
